

## Links

There are various links between the above five areas eg tract production and distribution on the streets in conjunction with the open air work. Another is prayer meetings and the computer / web work. ( see Figure 1 ),

The types of labour required are:- ...

## Routine

\* copying and folding of tracts

copying and labelling of CD's.

... generally Office Type Graft!

## Creative

There is another type of task involved, which is more creative and that involves work on the web sites ... maintenance, promotion and development; and converting of audio tapes to MP3s which may sound difficult but is not really " rocket science."

... R and D. is another label.

## Prayer and Preaching

Last but not least is the area of praying for the requests and for the present work plus going out with the good news ...the outreach work.

\*\*\*\*\*

So in conclusion the work continues in the above mentioned five areas believing for

salvation of souls, breakthroughs in the work and real progress.

If there is anyone looking for a job, you could consider work along these lines. You may reply that it sounds good but what about payment of bills. Well I will leave you with two promises from the Bible to chew on:-

*The LORD is my shepherd; I shall not want.  
( Psalm 23 : 1 )*

*But my God shall supply all your need according to his riches in glory by Christ Jesus. ( Philippians 4 :19 ).*
